

Internet Access and Technology-Use Consent and Waiver

By signing this consent and waiver form, I _____ and my parent(s)/guardian(s) agree to abide by the following restrictions. We have read and discussed these rights and responsibilities.

Further, I, _____ recognize that the Academy for Precision Learning does not have control of the information available on the Internet and other technology resources, although prudent use and available barriers may be installed. The Internet and other technological resources may contain material that is illegal, defamatory, inaccurate, or potentially offensive to some people. While the Academy for Precision Learning's intent is to make technology available to further educational goals, the student will have the ability to access other material as well. The Academy for Precision Learning maintains that the benefits from access to the Internet and other technological resources far exceed any disadvantages; however, it is ultimately a parent(s)/guardian(s) responsibility to convey the standards that their student should follow. Thus The Academy for Precision Learning supports and respects the rights of each family to decide whether or not to permit access to the Academy for Precision Learning's technology resources.

By signing this form I agree to the following terms:

1. I will not use the Academy for Precision Learning's technology resources for illegal activities, financial gain, promotion of partisan politics, discriminatory/harassing activities, or the violation of copyright and trademark laws.
2. I understand that under the law effective June 6, 1996, parent(s)/guardian(s) of any minor child under the age of 18 who maliciously destroys or defaces property shall be liable to the owner of such property in a civil action for damages in an amount not to exceed five thousand dollars (\$5000.00). A civil action is in addition to any criminal penalties and restitution that the court may impose.
