

We hope you can consider an in-kind auction item donation to support the incredible work of the independent school Academy for Precision Learning (APL).

Founded in 2007 with only five elementary school students we have grown to 100 students from Kindergarten through High School. We do not do it alone. We depend on generous supporters like you to be a part of our community. We are an inclusive school for students with autism and other special needs learning alongside their typically developing peers. Our students thrive socially, excel academically and derive lifelong benefits from our environment of acceptance.

During this time of the COVID-19 pandemic, distance learning is particularly difficult for many of our students who need the extra support of our teachers and clinical staff, their families and their community. We are adapting, changing and modifying to meet the needs of each child. We need our community more than ever. Please support our students today with your contribution toward our first-ever **online** auction.

“Masquerade – Connecting for Inclusion”

APL’s 2021 Virtual Auction – February 1 through February 6, 2021

Online

The Silent Auction will run from February 1 through February 5

The Live Auction will be broadcast on Saturday, February 6

We are excited to embark on this virtual event. The online silent auction (Feb. 1st – 5th) will give our supporters five days to consider and bid on auction prizes. We will also be offering content throughout that week through social media to highlight various aspects of our programming and to have our students & family members speak directly about their experience with APL. The live auction portion broadcast on Saturday, February 6 will include many of the elements of our past in-person events. Audience members will hear from our parents, our executive director, and our volunteers. And our live auctioneer will build up excitement as bidders compete against each other. They will be able to see the bids occur in real time, from the comfort of their laptops!

We hope you can be part of it. Thank you for your consideration. A procurement form is attached. Contact Anne Riley or Kirk Laughlin at APL with any questions at auction@aplschool.org or 206-427-0115.

Sincerely,

5031 University Way
